SUMMARY

I'm a Junior Software Engineering student at HUFLIT with a foundation in front-end development (JavaScript, TypeScript, React, Next.js, Tailwind CSS). Seeking an internship to apply skills, contribute to real projects, and learn from experienced professionals.

SKILLS

Programming Languages: JavaScript, TypeScript, C#, HTML/CSS (SCSS), Dart

Frameworks / Libraries: Bootstrap 5, React, Next.js, Tailwind CSS, ASP.NET, Flutter

Tools: Visual Studio 2022, Git, Visual Studio Code

Languages: Vietnamese (Native), English (Intermediate)

EDUCATION

Ho Chi Minh City University of Foreign Languages and Information Technology (HUFLIT)

October 2022 – Present

Software Engineering – Junior

PROJECTS

TUYU Archives

26/11/2024 – 03/07/2025

TypeScript, Next.js, Tailwind CSS, Google Drive API

github.com/hidr0c/tuyu-archives

Website: <https://tuyu-archives-pied.vercel.app>

- Build a video streaming app with Next.js & React, integrating Google Drive API for video and subtitle retrieval.
- Develop **EnhancedVideoPlayer** (playlist, dynamic subtitles, core controls) and REST APIs for video management.
- Refactor legacy codebase for scalability and type safety with TypeScript.
- Provide TUYU fans with a dedicated legacy archive platform to revisit and enjoy past music videos and performances.

PXT Food Store

06/05/2025 – 28/07/2025

Flutter, Dart, REST API, Firebase

github.com/hidr0c/PXTFoodStore

- Develop a cross-platform food ordering app with Flutter, supporting Android, iOS, web, and desktop.
- Design a custom Material UI with responsive layouts, Google Fonts, and multi-language support.
- Manage app state and cart logic using Provider; enabled persistent cart and order history with shared preferences.
- Add review/rating system, image uploads, and admin features for order and inventory management.
- Deliver a fully functional e-commerce prototype demonstrating cross-platform support and essential store management features.

ACTIVITIES

MSOC Tournament

October 2023 – December 2024

Team Leader, Project Management

- Led a student-focused maimai game tournament in partnership with Dream Games Tan Phu.
- Planned, coordinated, and managed event operations, communication, and team tasks, ensuring smooth execution.
- Attracted strong participation and received positive partner feedback, with over 50 in-person attendees and more than 1.4K views on YouTube.
- Full article on [LinkedIn](#).
