SUMMARY

Proactive and motivated junior Software Engineering student at HUFLIT with a solid foundation in front-end development. Experienced with JavaScript, TypeScript, React, Next.js, and Tailwind CSS through personal and academic projects. Continuously building projects to strengthen my skills and write clean, maintainable code. Looking for a front-end fresher or internship position to gain practical experience, contribute to real-world products, and continue learning from a professional team.

SKILLS

Programming Languages: JavaScript, TypeScript, C#, HTML/CSS (SCSS)
Frameworks / Libraries: Bootstrap 5, React, Next.js, Tailwind CSS, ASP.NET
Tools: Visual Studio 2022, Git, Visual Studio Code
Soft Skills: Event planning and organization, Team collaboration and communication, Time management and problem-solving

EDUCATION

Ho Chi Minh City University of Foreign Languages and Information Technology (HUFLIT)
October 2022 – Present
Software Engineering – Junior

PROJECTS

TUYU Archives   *26/11/2024 – 03/07/2025*
TypeScript, Next.js, Tailwind CSS, Google Drive API   *github.com/hidr0c/tuyu-archives*
Website: *https://tuyu-archives-pied.vercel.app*
- Built a video streaming app with Next.js + React.
- Integrated Google Drive API for video and subtitle retrieval (.webm, .mp4, .mkv).
- Developed **EnhancedVideoPlayer** with:
  - Playlist
  - Dynamic subtitle loading (with CORS handling)
  - Built-in: play, pause, volume, fullscreen
- Created REST APIs for managing local and Drive-based videos.
- Refactored legacy codebase for scalability and type safety with TypeScript.

PXT Food Store   *21/03/2025 – 31/03/2025*
Flutter, Dart, REST API, Firebase   *github.com/hidr0c/PXTFoodStore*
- Developed a cross-platform food ordering app with Flutter, supporting Android, iOS, web, and desktop.
- Integrated Firebase (Authentication, Firestore, Storage) for secure login, real-time data, and image handling.
- Designed a custom Material UI with responsive layouts, Google Fonts, and multi-language support.
- Managed app state and cart logic using Provider; enabled persistent cart and order history with shared preferences.
- Added review/rating system, image uploads, and admin features for order and inventory management.

ACTIVITIES

MSOC Tournament *October 2023 – December 2024*

- Team Leader, Project Management
- Led a student-focused maimai game tournament in partnership with Dream Games Tan Phu. Planned, coordinated, and managed event operations, communication, and team tasks. Attracted strong participation and received positive partner feedback.
- Full article on LinkedIn.
